

We ask that you please join us in honoring Debbie's memory by supporting this extremely important project.

Please feel free to contact the Foundation with any questions at 410-543-7140

The Peninsula Regional Medical Center Foundation has launched a fundraising campaign in support of a new mobile health services van to be named in honor of

DEBRA J. WAGNER, RN

Debra was a 32 year veteran of the Medical Center, who lost a courageous battle against cancer in December of 2006.

WAGNER WELLNESS VAN FUND

The WAGNER WELLNESS VAN will provide outreach services to the Delmarva Peninsula communities by providing medical screenings including...

- ★ blood pressure
- ★ hearing
- ★ visual testing
- ★ diabetes testing
- ★ flu shots
- ★ bone density testing.

The van will also provide respiratory clearance physicals for many volunteer fire companies.

Artist's rendering. Actual design may be different.

Over the course of her three decades of service to Peninsula Regional Medical Center, Debbie's commitment to improving health care opportunities and options was demonstrated by her "can-do" approach to any project and her ability to work with diverse groups. She strived to make health care excel in our community.

Contributions of \$100 or more will be permanently acknowledged on a wall plaque which will be located in the van.
